

Peter Murphy, The Sweetest Drop

The Sweetest Drop
Roll yourself away from me
Unveil me from your layers
Lay with me
Let me plunder, - no betrayal
Shame cast out
Morning sensual fire aroused
Union upon union
In union we'll flower
Sail naked in our funder
Press towards the burst
Drop the sweetest drop
Give the thunder up
Rocking to the top
Sensor none the shame
Cling no more to shame
Ring me in the morning
Take me, take me, in the rain
Oh come with me, eh come with me
Concurr and swallow me
Explode secrete your tender
Let's scream out like the sea
Pull me warm and slender
Concur and swallow me
Explode secrete your tender
Let's scream out like the sea
Union upon union
Drop the sweetest drop
I think about you all day
Calling the sacred first
Rolling sunlit day
Give me what I thirst
Drop the sweetest drop
Give the thunder up
Rocking to the top
Sensor none the shame
Cling no more to shame
Ring me in the morning
Take me, take me in the rain
Oh come with me
Yeah come with me
Concur and swallow me
Explode secrete your tender
Let's scream out like the sea
Roll yourself away
Immortal burn alive
Rocking to the top
Sensor none the shame
Cling no more to shame
Ring me in the morning
Take me, take me, in the rain
Oh come with me, oh! come with me
Concur and swallow me
Explode secrete your tender
Let's scream out like the sea
