

# Peter, Paul & Mary, Music Speaks Louder Than V

Chorus:

Music speaks louder than words  
It's the only thing that the whole world listens to.  
Music speaks louder than words,  
When you sing, people understand.

Sometimes the love that you feel inside  
Gets lost between your heart and your mind  
And the words don't really say the things you wanted them to.  
But then you feel in someone's song  
What you'd been trying to say all along  
And somehow with the magic of music the message comes through.

(chorus)

The longer I live the more I find that people seldom take the time  
To really get to know a stranger and make him a friend.  
But the power of a simple song can make everybody feel they belong.  
Maybe singin' and playin' can bring us together again.  
Singin' and playin' can bring us together again.

(chorus)

That music speaks louder than words
