

Petula Clark, Strangers in the night

(Strangers in the night)

(Strangers in the night) Strangers in the night exchanging glances

Wond'ring in the night, what were the chances?

We'd be sharing love before the night was through, yeah

Something in your eyes was so inviting

Something in your smile was so exciting

Something in my heart told me I must have you

Strangers in the night, two lonely people

We were strangers in the night up to the moment

When we said our first hello

Little did we know

Love was just a glance away,

A warm embracing dance away, yeah (Strangers in the night)

(Strangers in the night) Ever since that night, we've been together,

Lovers at first sight in love forever

It turned out so right

For strangers in the night (Strangers in the night)

(Strangers in the night) (Strangers in the night)

(Strangers in the night) Ever since that night, we've been together,

Lovers at first sight in love forever

It turned out so right

For strangers in the night (Strangers in the night)

(Strangers in the night) (Strangers in the night)
