PFR, But By The Grace Of God

I am more than this flesh and bone By myself I wander the streets alone But when my dream is over and morning creeps on in I pull the covers back and I feel your warmth again

(chorus) There is something inside That I can't explain But by the grace of God I Am made whole again In the times I have fallen And when I felt the shame Yet by the grace of God I

Am made whole again In the times I have fallen And when I felt the shame Yet by the grace of God I Am made whole again

Sold in my pride I said I know So I bought the lie and chained my soul But mercy runs deep and seeks to fill An empty well of shadow that One day will reveal

(chorus)
