

PG Roxette, Walking On Air

If you could
stick around
no need to bother
with the other side of town

set the mood
make it bright
I wanna go and be your
saturday night

oh oh oh
it couldn't get better
yeah yeah yeah
listen to what I say

hey hey
my eyes just stop and stare
I got it good
and you got me walking on air
every time
you're coming around
I wish you were here to stay

hey hey
my eyes can't look away
I got it good
and you got me walking on air
every time
you're getting so near

would you mind
stick around
no need to bother with the glass on the ground
summertime within reach
oh I'm sure you love to dance on the beach

oh oh oh
it couldn't get better
yeah yeah yeah
listen to what I say

hey hey
my eyes just stop and stare
I got it good
and you got me walking on air
every time
you're coming around
I wish you were here to stay

hey hey
my eyes can't look away
I got it good
and you got me walking on air
every time
you're getting so near
I'm walking on air

oh oh oh
it couldn't get better
yeah yeah yeah
listen to what I say

hey hey
my eyes just stop and stare

I got it good
and you got me walking on air
every time
you're coming around
I wish you were here to stay

hey hey
my eyes can't look away
I got it good
and you got me walking on air
every time
you're getting so near
listen to what I say

hey hey
my eyes just stop and stare
I got it good
and you got me walking on air
every time
you're coming around
I wish you were here to stay
