

PG Roxette, Wish You The Best For Xmas

You

You're sitting across the table having breakfast
Giving me that look that makes me smile
And I can't hide it

We

We spend so many hours doing nothing
That's the way I want it to stay for a while
And all the time

Hey

I'm missing you every day
I wish you were here with me
Keeping me company
Oh I wish you a very very merry merry merry xmas
I'm hoping you think of me
Dancing around the tree
Oh I wish you the best for xmas

I

I play that song you fancy without thinking
It's silly and it's simple but it's true
I miss you

Yea

I'm missing you every day
I wish you were here with me
Keeping me company
Oh I wish you a very very merry merry merry xmas
I'm hoping you think of me
Dancing around the tree
Oh I wish you the best for xmas
