

# Phantom Planet, Do The Panic

Ba ba ba, ba ba sha-doo be-doo  
Ba ba ba, ba ba sha-doo

Guess we're all in trouble, huh  
Black clouds are upon us  
It's doomsday on the other side of town  
That boy survived a severed head  
When most would just give up for dead  
So I said: "Albee don't get so upset."  
We all get scared of sticking out our necks  
It's expected!

So panic.  
(Ba ba ba, ba ba sha-doo be-doo  
Ba ba ba, ba ba sha-doo)  
So panic.

(C'mon, c'mon)  
It's time to lose control  
(C'mon, c'mon)  
Turn off your radio  
(C'mon, c'mon)  
You're gonna feel all right  
(C'mon, c'mon)  
Let's do the panic tonight

Ba ba ba, ba ba sha-doo be-doo  
Ba ba ba, ba ba sha-doo

This place is turning upside down  
And shaking all of our change out  
And Charlotte's tossing her hair to the hounds  
But it's her head they want on the wall  
Right next to the screeching owl  
And I don't like this party or the sound  
Of people walking 'cross you when you're down  
And that's it!

So panic  
(Ba ba ba, ba ba sha-doo be-doo  
Ba ba ba, ba ba sha-doo)  
I said panic

(C'mon, c'mon)  
It's time to lose control  
(C'mon, c'mon)  
Turn off your radio  
(C'mon, c'mon)  
Yeah you can bring your friends  
(C'mon, c'mon)  
So we all do the panic again

Put your left foot in!  
Now put your other left foot in!  
You having trouble getting it down?

Ba ba ba, ba ba sha-doo be-doo  
Ba ba ba, ba ba sha-doo

(C'mon, c'mon)  
It's time to lose control  
(C'mon, c'mon)  
Turn off your radio  
(C'mon, c'mon)

You're gonna feel all right  
(C'mon, cmon)  
Let's do the panic tonight  
(C'mon, c'mon)  
It's time to lose control  
(C'mon, c'mon)  
Turn off your radio  
(C'mon, c'mon)  
Yeah you can bring your friends  
(C'mon, cmon)  
So we all do the panic again

Ba ba ba, ba ba sha-doo be doo  
Ba ba ba, ba ba sha-doo  
Well come on  
Ba ba ba, ba ba sha-doo be doo  
Ba ba ba, ba ba sha-doo
