

Phantom Planet, I Was Better Off

From my mouth,
now more & more everyday,
Words that have nothing to say
Well I'll find something, someday

[Chorus:]
I thought that I was better off,
I was wrong,
I am where I don't belong
In a flash, I am gone,
to return, where the sun
Shines again

Oh my god!!
Words that seem so out of place,
I wished you'd get out of my face,
Well, I'll find something someday

[Chorus]
