

# Phantom Planet, Nightmare

There's a nightmare in my closet  
Never went away  
And all the times I watched it slowly  
Growing up afraid  
Who was scared to turn and look when I was safe in bed?  
Was it there for me that had the ghastly monster's head?

If a nightmare in my closet  
Really did exist  
Who grew up and noticed that the other one was missed?  
Who was scared to turn and look when I was safe in bed?  
Was it there for me that had the ghastly monster's head?

Were you the creature?  
Please won't you tell me?

There's a nightmare in my closet  
It's never gone away  
More and now I've noticed that I'm growing up afraid  
Who was scared to turn and look when I was safe in bed?  
Was it there for me that had the ghastly monster's head?
