

Pharrell Williams, DOWN IN ATLANTA (feat. Travis Scott)

Down in Atlanta
Stayed at the Centerfold
Downstairs my 'Ventador
You should've seen it
Down in Atlanta
At the Graveyard Tavern
You thought you seen a ghost
It's just where the Phantoms are

Shawty thicker than Kevlar (Yeah)
It's water, woah
Feel the heat through my drawers
I told shawty to bring the wave
You know life's a beach
She said, "Life's a bitch"
That's at Magic City

Watch 'em fly from the sky
While we line up the wall
Like confetti, how it falls
Let 'em leave with it on
We ain't never been this high
The city big, feelin' small
Keep me wake, never off
Four, four, way you

Ooh-ooh-ooh, ooh-ooh-ooh, ooh-ooh-ooh

Down in Atlanta
Might just slide through the zone
Not talkin' Lebron home
When I say I'm in Cleveland
Drown in my Fanta
Coat factory in the store
I mix it up, how I pour
Gotta see how how I drink it
Woke up feelin' like Fabo (Yeah)
Need a Georgia beach
Never run out of love or run out of weed
Now they drivin' a tractor
Like a Hellcat and me
Hit two eighty-five, dash, uh
'Cause I'm lovin' the speed

[Chorus: Travis Scott]
Watch 'em fly from the sky (Sky)
While we line up the wall
Like confetti, how it falls
Let 'em leave with it on
We ain't never been this high (Hey)
The city big, feelin' small
Keep me wake, never off
Four, four, way you

Watch 'em-watch 'em fly-fly from the-the sky

Down in Atlanta
Just like Havana
Yeah, gotta get it on, gotta get it on
Gotta get it on, gotta get it on
Callin' my ..
Atlantic Atlantis
Now that we get it on, that we get it on
How we get it on, how we get it on

Watch 'em fly from the sky (Sky)
While we line up the wall
Like confetti, how it falls
Let 'em leave with it on
We ain't never been this high (Hey)
The city big, feelin' small
Keep me wake, never off
Four, four, way you
