

# Pharrell Williams, Freq (feat. Jojo, Leah Labelle)

You gotta go inward  
To experience the outer space  
That was built for you  
You gotta go inward (x4)

Just picture the love  
It's pickin' you up  
Your temple should buzz  
From the vibration of love

You see I'd rather be a freq than not bein' me  
Individuality makes life better  
See I'd rather be a freq than not bein' me  
The individuality makes life better

You gotta go inward  
To experience the outer space  
That was built for you  
You gotta go inward (x4)

Just picture the love  
It's pickin' you up  
Your temple should buzz  
From the vibration of love
