

Phideaux, I Was Thinking

I was thinking about you
Hanging lights electric blue
And neck restraints for two

I was thinking about you
Wonder if you're thinking too
I do, I think of you

I said what I said, I said what I said
I said what I said: I want you

I was thinking about you "(thinking I was thinking about you)"
Shredding paper like you do "(paper shreds but won't forget)"
Your signature tattoo

I was thinking about you "(thinking I was thinking about you)"
Welding metal barbecue "(metal welding lights electric)"
Blue bell dreams of you
Blue bell dreams of you

I said what I said, I said what I said
You heard what I said, I said what I said:
I want you
You said what you said, you said what you said
You said what you said, I heard what you said:
I'm not sure about you

I was thinking about you, holiday it's what you do
I do, I think of you
Wonder if you're thinking too
