

# Phil Collins, The Same Moon

When the daylight comes and I look across the room,  
I see you're gone.  
As the morning breaks and I reach to hold your hand  
I can see, see I'm the only one.  
Well, your clothes are gone and your bags are packed  
but the bed's still warm where you lay  
now I need your love to come shining through  
to carry me, come carry me away.

If you choose a time, I'll catch the moon  
I'll see you there  
from wherever I am, wherever you are  
we'll find somewhere.  
I see the same stars in the same sky  
shining down on you,  
I'll be looking up from wherever I am  
and it's you I'll see if you're looking too.

There'll be days that'll seem much longer,  
some nights will seem so cold,  
and it's gotta come soon - please don't be too long,  
don't be too long.

If you choose a time, we can catch the moon  
I'll see you there  
Whenever it is, from wherever you are  
oh we'll find, yes we'll find somewhere.  
are you looking at the same moon?
