

# Phil Joel, Awe

Daylight breaks

I&rsquo;m back again

There are no secrets here

Take Your place

Here I stand

In perfect fear

I will be holding out my hands

I will be holding out my hands

Surrounding

The weight of Your name

So astounding

The strength of Your arms

Spirit falling

Speaking again

I am listening

I stand in awe

I stand in awe

The Spirit in this place

Your presence

So amazing

I stand in awe

Surrounding

The weight of Your name

So astounding

The strength of Your arms

Spirit falling

Move me again

I am listening
