Phil Ochs, Never Again

I don't know, but it seems to me What a great world this would be If everybody stoped their hating Saw the devil and called him satan

chorus
Never again, never again
No more the bugle sounds the battle cry
No more the cannons' roar
No more we die

If all our boundaries melted away From the china sea to the usa

Flags of war at last were faded One world at last created

chorus

And if every man on every shore Cast a ballot for peace or war And when all votes were counted White dove of peace was mounted

chorus
repeat last verse
