

# Phil Wickham, Still Your Love Goes On

I always complicate these things  
Been living everything for me  
But who can match Your grace  
Your mercy can fill the darkest place

Still Your love goes on  
Still You break me down  
Still Your love runs free  
Still You watch over me  
Over me

I know sometimes I lose my way  
And then my heart gets so afraid  
But I realize and its work by faith and not by sight

Oh still Your love goes on  
Oh still You break me down  
Oh still Your love runs free  
Oh still You watch over me

You watch over me ohhh  
You watch over me yea yea  
All is new

Oh Your love goes on its all that I can say  
Oh Your love goes on it reaches all of me  
Oh Your love goes on Into my deepest dream  
Oh Your love goes on and on and on

Still Your love goes on  
Still You break me down  
Still Your love runs free  
Still You watch over me

You watch over me  
Oh yea  
Your love goes on
