## Phoenix, Honeymoon

Every Sunday
I go to Hollywood
I buy my ticket
To see the midnight show
And every Sunday
I live my honeymoon
You rule my body
I just feel how it's good

My mind aches
You bust my real thoughts
When you're with me
Till the night's away
I am sittin'
I watch the fireworks
It's no matter of time
I feel the midnight crush

Feelin' without knowing the other Tonight, let me handle this affair Let me handle this affair

There's no ending Light fades in my eyes I don't want nobody To burn my Hollywood

Every Sunday
I go to Hollywood
It's worth waitin'
To see the midnight show
And every Sunday
I live my honeymoon
You rule my body
I just feel how it's good

Feelin' without knowing the other Tonight, let me handle this affair Let me handle this affair
