

Phoenix, Rally

Hook up with me, meet at the rally

Follow the shouting, I am longing for you Hook up with me, meet at the rally I waited so long, I coul

(don't you give me those)

Shifty eyes pay attention

Dirty talk talk talk quiet

Just as long as you're gone

It won't happen at all

Remember the time we talked about everlastings?

Don't you know we'll both fall to pieces too?

April 22nd at the Avalon, you teased me

Hook up with me, meet at the rally

Shifty eyes pay attention

Dirty talk talk talk quiet

Just as long as you're gone

It won't happen at all

Don't go away we're so near

Look around, you see

There is nothing to say but the things I know I got nothing to say but the things I know

Standing in line, I think you're pretty

Lying on your bed, I think you're pretty too Young girl curl your hair at night Hook up with me, meet

(don't you give me those)

Shifty eyes pay attention

Dirty talk talk talk quiet

Just as long as you're gone

It won't happen at all

Shifty eyes pay attention

Dirty talk talk talk louder

Just as long as you're gone

I won't leave you alone
