

Pierce The Veil, Texas Is Forever

Here we are
Can you tell that story it's my favorite one
You fucking disappointment
I can't entertain you anymore
These stupid states of mind
Everyone punishing me all the time
Why?
But don't cross your boundaries and think that it's cool
Misguided by darkness and lost on the road
But I'm such a sucker for the rain
Here we are
Crashing once again
Into the center of your moonlit face
Our caved-in ribs
Your tears they fall on my tongue
And our lips are letting go
As we laid on the side of the road
Pull the trigger tight and watch our distances explode
If Texas is forever, where's your home sweet home?
If anything should happen to me I want you to know
I've loved you since ever since then
Don't dance around me I know what it means
No communication, cannot be received
But I'm such a sucker for the rain
Here we are
Crashing once again
Into the center of your moonlit face
Our caved-in ribs
Your tears they fall on my tongue
And our lips are letting go
As we laid on the side of the road
Don't chase your nightmares
Here we are...
Crashing once again
Into the center of your moonlit face
Our caved in ribs
Your tears they fall
Our lips are locked in lemon groves
And I can never let them grow
On the side of the road
So take a deep breath and chase it with mine
Your southern hospitality won't mind
