

# PIG, Vitriol, Vice, & Virtue

You hit, you hurt, resign  
Your crust will crumble into mine  
You carve your crime with mine  
And one more sucker tows the line  
The devil's debt, my little deals  
I take my corners on two wheels

Keep it dumb, just one hitch  
I am the scratch you could never itch  
Keep it dumb, just one hitch  
My god is begging me for one more fix

I hate to break, but I can't relate  
So I shoot, shovel, and shut up, baby  
I hate to break, but I can't relate  
So I shoot, shovel, and shut up, baby

I hate to break, but I can't relate  
So I shoot, shovel, and shut up, baby  
I hate to break, but I can't relate  
So I shoot, shovel, and shut up, baby

Vitriol, vice, and virtue  
Vitriol, vice, and virtue

Your cure, my sewer  
I'll take your time upon the skewer  
I fleet so much, and with your touch  
This piglet needs to feel your crutch  
The crush, the cry  
The scream, the lie  
The answer crawls out of your eye  
The hope, the tricks  
My god is begging me for one more fix

I hate to break, but I can't relate  
So I shoot, shovel, and shut up, baby  
I hate to break, but I can't relate  
So I shoot, shovel, and shut up, baby

I hate to break, but I can't relate  
So I shoot, shovel, and shut up, baby
