

Pinback, I'm A Pretty Lady

Move your soul to the right
Move your soul to right

Oooohhhhh Oh-Oh-Ohhhhh

It's a manner don't show, it's a fine way out
If the end not fails, set this memory out
If the letter is found, please set it on fire
It will ease this pain, end this thing

Lay there with your mouth on mine
Stay there with that thought in mind
Comfort seen behind your eyes
Best staying with me all this time

Ohhhhh Ohhhhh

It's a longer way, if you let me by
I can lead they way, I can trail behind
I can bend those bars If you can't get through (Oooohhh)
It would be a shame to end this way

Lay there with your mouth on mine
Stay there with that thought in mind
Comfort seen behind your eyes
Best staying with me all this time

Move your soul to the right
Move your soul to right
Nothing laughs in this dark place
Nothing laughs in here

Ohhhhhh Ohhhhhh

Want to be seen and set all right this time (Ohhhhhh)
Want to be fixtures in your eyes (Ohhhhhh)
still reflects that in me, 'till I'm in your dream
Maybe there you are
