

Pineforest Crunch, Cup Noodle Song

let me open the window
let me throw you out
no I don't need anyone to prove to me
that I'm wrong

because the thoughts within my reach
are slightly disordered
keeps me awake at night
now I'm halfway through other miracles
like this one

so hey
no I don't need anyone
so hey hey hey hey hey

now don't you think I recognise
[???(the shmuck?)
[???(offering love this size of
[???(Ronald Reagan greatest lies

I think you'll be a bit surprised
to find that I have memorised
the stupid life within my mind

but I'm not sure you even liked
the cinnamon and cherry pies
your mother used to make
when all you did was watching Channel 5
as long as you're like this
there's no need to try

so hey
no I don't need anyone
so hey hey hey hey hey

so hey
no I don't need anyone
hey hey hey hey hey

but I'm not sure you even liked
the cinnamon and cherry pies
your mother used to make
when all you did was watching Channel 5
as long as you're like this
there's no need to try

so hey
no I don't need anyone
so hey hey hey hey hey

so hey
no I don't need anyone
hey hey hey hey hey

so hey
no I don't need anyone
la la la la la la la la

I wish I wouldn't have these thoughts all the time
no I wish I wouldn't deep breathe all the time
no I wish I wouldn't have these memories of mine
about you
