

# Pinhead Gunpowder, Find My Place

Gotta find my place in this world  
Gotta find my place in this world  
I want to be more than just a face in the crowd  
I want to be proud of my time in this world

Feel like someone's taken my place in this world  
I feel out of place every place  
Too much time on my hands  
And no one understands my demands  
For changing this world

I've got so much faith in this world  
I've got so much riding on this  
I keep working so hard and it just breaks my heart  
When it all seems to fall apart  
At the seams

Gotta find my place in your heart  
Gotta find my place in your mind  
Gotta find the time to find the time  
To find the life I left behind trying to find  
My place in this world  
Find my place in this world  
Find my place in this world
