

# Pinhead Gunpowder, Mpls Song

Iggy Pop is playing downtown  
And I'm outside in the rain  
Listening and lurking around  
It's another dreary night  
And I'm waiting for the 6-C bus  
To come and get me  
Broke and cold and lonely  
10:00pm, I'm only starting to  
Wake up  
Creeps are trying to talk to me  
But I wait soaking silently  
And shiny lights are shining  
Down on me  
Broke and lonely, cold and  
Hungry and though it may sound  
Funny, I'm doing alright  
It's another dreary night  
Sometimes it's what you love  
Most that suffocates you  
Sometimes it's good to give friends  
A chance to miss you  
Well home is far away now  
But I remember how  
Sometimes it was  
Cold and lonely too.....
