

Pink Cream 69, Break The Silence

Wait before you try to be a hero
Wait before the turning of the tide
You don't feel the thunder
And you don't feel the rain
Help's not a word that you defined

But it's so hard to do
All these things they ask of you

Break the silence - let your madness guide the way (the madness)
Satisfaction - is the price you'll have to pay

Break the silence

Stop the cause i can't listen any longer
Stop the contradiction in your life
Gotta make a difference
Gotta make a change
Help's the word that cuts you like a knife

But it's so hard to do
All these things they ask of you

Break the silence - let your madness guide the way (the madness)
Satisfaction - is the price you'll have to pay (the sadness)
Search your soul - if there's a way to fill the wreck (the blindness)
Show your wisdom - there's a chance to get it back

Break the silence

Wait for the sign
Wait for tomorrow
Gotta make a difference
Gotta make a change
Help's the word that cuts you like a knife, like a knife...

Break the silence - let your madness guide the way (the madness)
Satisfaction - is the price you'll have to pay (the sadness)
Search your soul - if there's a way to fill the wreck (the blindness)
Show your wisdom - there's a chance, a chance to break the silence
