

Pink Cream 69, Burn Your Soul

You're the hunter
Got the demon in your knees
On a mountain
And you're looking down to paradise

Gonna brush away those wasted years
And you'll never stop to wonder
Are you making a name, are you feeling no pain?

Then you...

Burn your soul, burn your soul
Nothing for the weary hearted
Burn your soul, burn your soul
Nothing for the ones you left behind

Now you're running
Like a rollercoaster ride
Revolution
Breaking into flight, you'd better hold on tight

Gonna brush away those wasted years
And you'll never stop to wonder
Are you making a name, are you feeling no pain?

Then you...

Burn your soul, burn your soul
Nothing for the weary hearted
Burn your soul, burn your soul
Nothing for the ones that parted

Burn your soul, burn your soul
Nothing for the weary hearted
Burn your soul, burn your soul
Nothing for the ones you left behind

You are the hunter
You won't be left behind
And nothing will change your mind...

Gonna brush away those wasted years
And you'll never stop to wonder
Gonna cry again those bitter tears
You got something to do, and it's all up to you

So you'll...

Burn your soul, burn your soul
Nothing for the weary hearted
Burn your soul, burn your soul
Nothing for the ones that parted

Burn your soul, you can burn your soul
Nothing for the weary hearted
Burn your soul, you really gotta know
Nothing for the ones you left behind

You can burn in your soul...
