

# Pink, Try Too Hard

1, 2, 3, 4!

You follow every line,  
You wear your perfect patch and style  
You're like a satellite you're driftin' through the sky  
You can't make up your mind about this or that  
Or anything at all  
So you go with the flow and hope to God  
That no one knows it

Everything you are, everything you say  
Everything you do is not for you  
Everything you feel, everything you know  
Found it on your favorite TV show

And it's people like you that make me sick  
I'm surrounded by you everywhere I look

You're telling everyone  
How different that you really are  
But it's been said before  
So maybe you're not special after all  
If you put the same amount of effort into letting go  
Just act yourself and you might like it  
You never know

'Cause  
Everything you want, everything you do  
You try so hard to be everyone but you  
Everywhere you turn  
You just gotta learn  
It's easier if you don't try so hard

And it's people like you that make me sick  
I'm surrounded by you everywhere I look  
Is there somewhere I can go to get away  
Where there's truth and people mean just what they say

You try too hard  
You just try too hard  
You try too hard

And it's people like us that make me sick  
I'm surrounded by it everywhere I look  
Is there somewhere we can go to get away  
Where there's truth and people mean just what they say

You try too hard  
You just try too hard
