

# Pinnawela, Sismachine

I love my sister  
She loves me  
(yes she does)  
She is the water  
I am the tree  
You cannot stop us  
We are one piece  
What we create  
Is a powerful sismachine  
This is our sismachine  
It helps in life  
It helps with singing  
If you wanna see that thing  
Keep an open hart  
And help me singing  
N; if you are worried  
Or if youre down  
Start loving yourself  
Right here, right now  
cuz you are the only  
Person you need and all that matters now  
Its a powerful s sismachine  
This is..  
Well we know each other from the very first day  
And we treat one another in disinterested way  
We have no debts to pay  
We have our songs to sing like  
Dont waste you love and power in vain  
Or listen to your hart.  
No time for shame  
Destroy your frames  
Raise your voices  
And forget your names
