

# Pinnawela, Snooze

After I eat some food  
I like to snooze  
Watch my head from the inside  
Check out whats the New  
Take a little cruise with no shoes  
With no excuse  
Cuz there is nothing to loose  
No way to refuse  
Youre not the one to choose  
Whether is rock or the blues?  
After a fight u have no bruise  
And theres no headache after the booze  
No consequences cuz its not true  
No consequences cuz its not true  
No consequences cuz its not true  
Am I right?  
But you feel it  
And you mean it  
What youre doing  
While u dreamig  
Once I had a dream that we were kissing each other  
It was weird cuz I always treat you like my brother  
You dont wanna know whats farther  
If I told you  
We wouldnt ever look in each others eyes  
Yes, I was surprised too  
But no consequences cuz its not true  
Stories in my mind  
Somehow are alive  
What about we try to make it happened  
In a real life  
What would you  
Say if I  
Was with you  
For tonight  
No talking  
We know each other well  
No talking  
We have nothing to tell
