

Piotr Rubik, Too Far From here

All tender whispers in the wind
I made up just for you
And gently smiles instead of
Saying something, just for you
You are the rain you are the stars
In heaven somewhere
But would someone believe
That no one living down there
So crazy loving you
Would you believe it's true
So far from here
Behind the clouds
So hard to breathe
You're not the one
So far from here
Too far from here
Not for me
If you could ever look at me
The way I look at you
All stars would shine upon me
They would also shine on you
But you can't see me
You can't hear me now or ever
You are too far from here
To get to know me better
That's why it's good for me
To finally know you are free
So far from here
Behind the clouds
So hard to breathe
You're not the one
So far from here
Too far from here
Not for me
