

Pitbull, It Takes 3 (feat. Vikina)

Hit it
Shake that ass, make your baby daddy mad
Hit it
Shake that ass, make your baby daddy mad
Hit it
Shake that ass, make your baby daddy mad
Hit it
DJ, let's go!

It takes two to make a thing go right
But it takes three to make it outta sight
It takes two to make a thing go right
But it takes three to make it outta sight

Eeeeeeyooooo
I wanna rock right now
It's Mr. Worldwide and I came to get down
Already internationally known
And your boy is known to rock the globe
'Cause I get loose, I mean outrageous
Yeah, I get loose, nothing but blue faces
Catch me in a suit at a NASCAR race track
Kas ride the wall for a championship place
Girls love me, mami's adore me
No social media, but baby, you can call me
Y esto es para todos los latino en el mundo
Siempre primero, nunca segundo, dale

It takes two to make a thing go right
But it takes three to make it outta sight
It takes two to make a thing go right
But it takes three to make it outta sight

Name's Armando but the world calls me Pit
Cuban from Miami, learned to stay out the mix
Here's an idea that I want to share
You don't like me? Fuck you, I don't care
Numero uno and I cruise like a Top Gun
She's a hot one and blows like a shotgun
Hustler's dream house in The Keys, got one
Looking for a hit? My dawg Chino got some
Not a follower, I'm a leader
Nah, I'm not a gangster but I'll drop you like Adidas
My name clean, so I don't need a bodyguard
Not a lawyer but you can meet me at the bar

It takes two to make a thing go right
But it takes three to make it outta sight
It takes two to make a thing go right
But it takes three to make it outta sight
