## Pitchshifter, Diable (PSI remix)

Sit back, relax, forget it. Can't hate me like I do, I know me better. Sit back relax, don't think don't sweat it, forget it. (Just) can't hate me like I do, I hate I know me better.

No thoughts, no time, no questions. Can't waste it like I do, I know me better. No thoughts no time, no questions, no choice no answers. (Just) can't waste it like I do, I waste I had more chances.
