

Pitchshifter, New Flesh

Coming through, zero point two,
I want you to see this, so what if you do.
Daily release, it's hourly aggression,
Zero point two, a standard obsession.
Draining time, it's down to you,
strip back the feeling, I've seen it too.
Wasted lies, it's fever pitch,
abuse confuser, I feel it hit.
Comming through, zero point two,
I want you to seal it, I want you through.
What have we got here?, Coming through,
pointless confusion, I point to you.
What have we got here?, still coming through,
pointless confusion, I point to you.
