

Pixie Lott, Here we go again

RedOne

Pixie

All my friends are going out
But I've been thinking
Maybe I better stay in bed
The ceiling's spinning round
Like I've been drinking
I've got this banging in my head
boom boom boom
I need my-y medicine
and the cure ain't Aspirin

(Ref)

I don't care about tomo-rro-o-ow
Here We Go Again, Here We Go Again
I'll be the last one on the dance flo-o-o-or
when this party ends, when this party ends
I don't even care (NO!), I don't even care (NO!)
Never wanna stay
I I wish that I was there
I sleep through the alarm
head under pillow
I know I'm gonna pay for this
I can't stand missing out
so when you call me, call me
I say okay if you insist
boom boom boom
I need my-y medicine
and the cure ain't Aspirin

(ref X2)

I don't care about tomo-rro-o-ow
Here We Go Again, Here We Go Again
I'll be the last one on the dance flo-o-o-or
when this party ends, when this party ends
I don't even care (NO!), I don't even care (NO!)
Never wanna stay
I I wish that I was there
