

# Pixies, Catfish Kate

call me devil  
call me friend  
but call me Black Jack Hooligan  
I came all the way from Aberdeen yto live among the go-betweens  
let me tell you, tell you  
about Catfish Kate in the time before when she's just Kate  
here in the mountains all alone  
before the time we called this home

where in my angel fallen down at the river bottom  
and will she get away?  
where is my Blackfoot blossom  
is she just playing possum who lives another day?

here in th evilly thet we kno w a river bend  
that's deep and slow  
where every creature drinks their fill  
and other creatures take their kill  
now Kate went to catch a fish  
to put inside her favorite dish  
a catfish grabbed her y the head  
and took her to his house instead

where in my angel fallen down at the river bottom  
and will she get away?  
where is my Blackfoot blossom  
is she just playing possum who lives another day?
