

# Pixies, Gouge Away

Gouge away  
You can gouge away  
Stay all day  
If you want to

Missy aggravation  
Some sacred questions  
You stroke my locks  
Some marijuana  
If you got some

Gouge away  
You can gouge away  
Stay all day  
If you want to

Sleeping on your belly  
You break my arms  
You spoon my eyes  
Been rubbing a bad charm  
With holy fingers

Gouge away  
You can gouge away  
Stay all day  
If you want to

Chained to the pillars  
A three day party  
I break the walls  
And kill us all  
With holy fingers

Gouge away  
You can gouge away  
Stay all day  
If you want to
