

# Pixies, Trompe Le Monde

Why do cupids and angels  
Continually haunt her dreams  
Like memories of another life  
Is painted on her shirt in capital  
Out on the free free way  
There's only she and the they  
Represented by the lights  
We went to the store  
And bought something great  
Which samples this song  
From Washington Square  
Go  
Go little record go  
It is named by  
Some guy named Joe  
And the words  
Are the letters of the words  
Said  
Electrically played  
For outer space and those of them who paid  
This song is twice occurred  
And now it's time to go Away on holiday.
