

Pixies, What Goes Boom

What Goes Boom

Fatty had it made like a blade in the sun
Like a push in the bush when you got none
Ping pong bingo, fills a la Ringo
Analog bong but it ring wrong

Make some room
What goes boom?

I'm a fatty in my caddy with my 'ponic blunt
Not a stunted runt looking natty
Cozy as a manger Chet Baker in the changer
Subs for my dub, I really got you

Make some room
What goes boom?

Grace in her lace and her stocking
Carrying her bass, she really likes to get rocking
Oh, darling Grace, are we going to get rocking?

I like that slinky little punky, little bit funky
Itty bitty chunky right there
Little bit lippy, a whipped cream hippie
Zip and unzippy and I want her

Make some room
What goes boom?

Grace in her lace and her stocking
Carrying her bass, she really likes to get rocking
Oh, darling Grace, are we going to get rocking?
Grace, are we going to get rocking?

Make some room
What goes boom?
