-----  
'good morning'  
When I wake up  
The first thing I say to you

Good morning  
You  
Pour the coffee and  
Turn on the radio

Good morning  
I look at the mirror and  
I am a bit fed up

Good morning  
Please don't talk to me  
For a while

Good morning  
You  
Read the paper  
Vacantly

Good morning  
Today it seems like rain

I must be going already

'good morning'  
When I wake up  
The first thing I say to you

Good morning  
I hope today  
Will be a happy day for us
