

PJ Harvey, O Stella

Stella Marie you're my star
Stella Marie you're my star
Stand on ground look up at her
Just hanging in gold stone
Just hanging there face froze
But I think I see her smiling
Think I see her smiling
Think I see her smiling
Think I see her smiling
Go
Go
Go
Go go
Stella Marie you're my star
In your blue blue tavern
You light my lantern
O Stella's large
Pink on her face
It's glowing this place
A place for heroes only
Place for heroes only
Place for heroes only
Place for heroes only
Go
Go
Go
Go go go go
Stella Marie you're my star
I pin you to my chest
Sell you to the rest
I kiss her gown
Send those angels down to woo me now
I think I see her smiling
Think I see her smiling
Think I see her smiling
Think I see her smiling
Go
Go
Go
Go go
