

PJ Harvey, Reeling

I wanna bathe in milk
Eat grapes
Robert deniro sit on my face.
I can't sleep for thinking
Send my head a reeling
I wanna go to spain
Spend nights
Just sipping on nectar and ice
I can't sleep for thinking
Send my head a reeling
Can't make it out... (??)
Eliminate the whole race
Wanna make the shit hit the fan
I can't sleep for thinking
Send my head a reeling
Even aphrodite
She's got nothing on me
Take me to the moon X2
Fly me to the moon
Take me to the moon X3
Fly me to the moon
Take me to the moon
Dye my hair on stage
Call on my man, romeo
Come and climb our braids
Reeling
Reeling
Even Aphrodite
She'll have nothing on me
Reeling
Reeling
Take me to the moon X2
Fly me to the moon
Take me to the moon X3
Fly me to the moon
Take me to the moon
Reeling X4 ...
