

# PJ Harvey, Shame

I don't need no rising moon  
I don't need no ball and chain  
I don't need anything with you  
Such a shame, shame, shame  
Shame, shame, shame  
Shame is the shadow of love

You changed my life  
We were as green as grass  
And I was hypnotized  
From the first 'til the last  
Kiss of shame, shame, shame  
Shame is the shadow of love

I'd jump for you into the fire  
I'd jump for you into the flame  
Tried to go forward with my life  
I just feel shame, shame, shame  
Shame, shame, shame  
Shame is the shadow of love

If you tell a lie  
I still would take the blame  
If you pass me by  
It's such a shame, shame, shame
