

PJ Harvey, So You Got A Horse

So you got a horse
Did it come in a box
Almost got my heel caught in the stirrups

Woah feeling giddy..er..giddy..er..clip clop
Mmmm I like the feel of these reins
Kind of power steering
Take her out a while
There's a bit of play

Four feet and something
Feels like nothing
Careful with that mouth of yours boy
I don't want she should bolt

So you got a horse
So what you gonna do with it
Aw she's madonna
All cloven hoof and flared nose
You whp her ass and you watch her go
Hey hey grandad, hey let it go
I'm feeling sick, I'm letting go

Four feet and something
Feels like nothing
Careful with that mouth of yours boy
I don't want she should bolt
