

# PJ Harvey, Yuri G

Hey there Luna I'd like to tell you  
How sad am I so love sick I could die  
Needing water my neck's stiff my head hurts  
Been looking up all night been looking up the Moon she's so bright  
She's so white she's so clean  
I'm telling you she's everything  
I'd give it all my sorry eyes  
Give just everything she's got me so mesmerized  
Yeah I wish I was Yuri-G  
It's just the things that she does to me  
Yeah I wish I was Yuri-G  
Bring back my memory  
Told by the doctor to make a figure  
Needles stick in her, she'll be your luna  
I stuck them in real clean  
I stuck them in a mile  
I drew her down on me  
I drew her with a smile  
I'd give it all you see  
I'd give my sorry eyes  
I'd give just everything she's got me so mesmerized  
Yeah I wish I was Yuri-G  
It's just the things that she does to me  
Yeah I thought I was Yuri-G  
Bring back my memory  
I stuck them in real clean  
I stuck them in a mile  
I drew her down on me  
I drew her with a smile  
I'd give it all you see  
I'd give my sorry eyes  
I'd give just everything she's got me so mesmerized  
Yeah I wish I was Yuri-G  
It's just the things that she does to me  
Yeah I thought I was Yuri-G  
Bring back my memory  
Yeah I wish I was Yuri-G  
I'd let her walk all over me  
Yeah I thought I was Yuri-G  
Bring back my memory
