

# Placebo, Ashtray Heart

Cenicero, cenicero  
Mi Corazón de cenicero  
x2

You are the birth and you are waste  
You are the one who took my place  
You took a jump into forever  
A leap of faith I could not take

And it was  
A leap of faith I could not take  
A promise that I could not make  
A leap of faith I could not take  
A promise that I could not make

(Cenicero, cenicero)  
My ashtray heart  
(Mi Corazón de cenicero)  
My ashtray heart  
(Cenicero, cenicero)  
My ashtray heart  
(Mi Corazón de cenicero)

We were alone before we met  
No more forlorn than one could get  
How could we know  
We have found treasure?  
How sinister and how correct

And it was  
A leap of faith I could not take  
A promise that I could not make  
A leap of faith I could not take  
A promise that I could not make

(Cenicero, cenicero)  
My ashtray heart  
(Mi Corazón de cenicero)  
My ashtray heart  
(Cenicero, cenicero)  
My ashtray heart  
(Mi Corazón de cenicero)  
(Cenicero, cenicero)  
My ashtray heart  
(Mi Corazón de cenicero)  
My ashtray heart  
(Cenicero, cenicero)  
My ashtray heart  
(Corazón cenicero)

I tore the muscle from your chest  
And used it to stub out cigarettes  
I listened to your screams of pleasure  
And I watch the bed sheets turn blood red

(Cenicero, cenicero)  
My ashtray heart  
(Corazón cenicero)  
My ashtray heart  
(Cenicero, cenicero)  
My ashtray heart  
(Corazón cenicero)
