

Placebo, Sometimes I Don't Mind

There's something with the way you walk There's
something there that lights a spark inside of me
And it makes me want to sing Makes me forget
everything There's something there inside your
eyes Lets me know you'd never lie You fill me
up and I know what you need Do you know what you
mean to me?

Well I watch you sleep sometimes and it feels
like the first time
And you're always on my mind
Everyday is like the first day
And I talk to you sometimes even though you never
talk back
And I buy you things sometimes 'cause I don't
mind

There's something strange, I can't get mad
Even when you're being bad - just look at me, and
I forget everything
I try but I can't be mean
You sit by me and I scratch your back
You lick my hands then I get a rash, but that's
okay
Because we, we are a team
You make a mess and then I clean

Well I watch you sleep sometimes and it feels
like the first time
And you're always on my mind
Everyday is like the first day
And I talk to you sometimes even though you never
talk back
And I buy you things sometimes 'cause I don't
mind

There's something with the way you act
Makes me laugh when you chase the cats
You chase 'em around
And when it's close to feeding time, you stare at
me and whine
You won't lay down, you'll hardly sit
I give you a bath when you smell like shit
But you don't mind
And we go out every now and then
And when you're done then we come back in

Well I watch you sleep sometimes and it feels
like the first time
And you're always on my mind
Everyday is like the first day
And I talk to you sometimes even though you never
talk back
And I buy you things sometimes 'cause I don't
mind
Yeah I don't mind
Yeah I don't mind
