

# Placebo, Special K

Coming up beyond belief  
On this coronary thief  
More than just a leitmotif  
More chaotic, no relief  
I'll describe the way I feel  
Weeping wounds that never heal  
Can the savior be for real  
Or are you just my seventh seal?

No hesitation, no delay  
You come on just like special K  
Just like I swallowed half my stash  
I never ever want to crash  
No hesitation, no delay  
You come on just like special K  
Now you're back with dope demand  
I'm on sinking sand  
Gravity  
No escaping gravity  
Gravity  
No escaping... not for free  
I fall down... hit the ground  
Make a heavy sound  
Every time you seem to come around

I'll describe the way I feel  
You're my new Achilles heel  
Can this savior be for real  
Or are you just my seventh seal?

No hesitation, no delay  
You come on just like special K  
Just like I swallowed half my stash  
I never ever want to crash  
No hesitation, no delay  
You come on just like special K  
Now you're back with dope demand  
I'm on sinking sand  
Gravity  
No escaping gravity  
Gravity  
No escaping... not for free  
I fall down... hit the ground  
Make a heavy sound  
Every time you seem to come around

No escaping gravity  
No escaping gravity  
No escaping gravity  
No escaping gravity
