

Placebo, The Never-Ending Why

The atom will implode
The fragile kingdom fall
The tremor becomes a quake
There's a body in the lake
And as the two of us rebel
Damn you all to hell
I wonder if that's all there is
Time will help you through
But it doesn't have the time
To give you all the answers to the never-ending why
The sound of silence grows
As spiders kissing fly
And the tumor becomes a rhyme
But the kids are doing fine
And as the two of us rebel
And damn you all to hell
I wonder if that's all there is
Time will help you through
But it doesn't have the time
To give you all the answers to the never-ending why
