[Intro:]

No More Eatin' For Them Now,
No More Eatin' For Them Now,
No More Eatin' For Them Now,
No More Eatin', No More Eatin' For Them Now,
No More Eatin' For Them Now,

[Verse:]

All started when i was eight,
First time I ever got ate,
What a Piece of cake,
Mans eatin' off me like i was a plate,
Now I'm in the estate,
Walking the streets of Gate,
With eyes ? with tears streaming down my bloodshot face because some irish kid just took my bike
Now my stepdad's pissed,
And he's looking for this pikey breh,
Asking me what he looked like, I told him his clothes were nikey make,
I felt so ashamed, When he asked me why i let him take my bike without putting up a fight all i could
Turn the page 6 years later now i'm 14 years of age, life today hurts my brain smoking too much pu
High is how i spend my days
