

# Plan The Escape, Guruland

Baby gonna be lonely here on my own  
Stuck in a wilderness with  
no clothes and...  
No phone  
Travel by air,  
under your skin  
No need to be scared  
I know just where you've been  
Some things are  
better off when you leave them alone  
Dream time is coming to  
take you on  
Some things are  
better off when you leave them alone  
Dream time is coming to  
take you on  
Baby shake it off  
I dont need you here  
Trash talkin' amazed me my dear  
Torn apart from your arms again my desire  
Stoking the remains of your very last fire  
Some things  
are better off when you leave them alone  
Dream time is coming to  
take you on  
Some things are  
better off when you leave them alone  
Dream time is coming to  
take you on
